

Loreto Nedlands Mission Statement

Loreto Nedlands creates empowered thinkers who are inspired to excel, feel confident to lead and show compassion as they serve others in the spirit of Mary Ward.

Dear Students

The best way to ensure that Loreto Nedlands continues to be a happy and successful school is to make sure that all our students feel safe and have a sense of belonging. At the start of the school year it is a good idea to take the time to think about the role that each of us have in determining a positive culture at Loreto Nedlands not only for ourselves but for each other. As a student at Loreto Nedlands you have certain rights that need to be upheld – rights that ensure you are seen as an individual, are safe, treated fairly and allow you to learn. As a very important member of the school community you also have certain expectations to meet. Through our school Health Education programme, our Religious Education programme and our Blossoming programme students learn and understand concepts and key learnings that act as tools to feel safer at school and align themselves with positivity and well-being. Like all organisations Loreto Nedlands also needs to have rules – rules that are fair, understood and followed. As a student at Loreto Nedlands it is your responsibility to follow these rules – not because you will get into trouble if you don't, but because you understand the importance of these rules in keeping everyone safe and happy. I enjoy coming to Loreto Nedlands each day. I need your help to make sure our school is a happy and safe place for everyone. Please read the Student Code of Conduct carefully and if you have any areas of concern and feel you would like to voice them privately, a feedback box is located in every classroom for your convenience.

Mr Corbett

RATIONALE

At Loreto Nedlands we are committed to providing the best possible educational opportunities for all of our students, in an environment where all members of our community feel a sense of connectedness and belonging. Where quality teaching and learning maximises educational, social, emotional, physical and spiritual outcomes for all. Loreto Nedlands Student Code of Conduct allows children to develop as Christian people in a safe, caring and supportive environment. It seeks to encourage behaviours centred on gospel values, while at the same time developing an awareness of the expectations we all share in being part of a Catholic community. Through the implementation of this 'Student Code of Conduct', we are attempting to create a happy and safe school environment where all students can learn to their potential.
